50 TO 2000 TON CAPACITIES AVAILABLE

Modern draw and deep-draw presses are available in a variety of configurations. Single-action, double-action, and triple-action presses can have a punch holder, blank holder, knockouts, or cushion/ejector in different configurations to accommodate your parts.

- Pressure/distance ram reversal selector
- Inch/jog/auto cycle
- Programmable controller
- Optional blank holder
- Optional programmable electronic stroke and pressure control
- Optional cushion and/or blank holder pressure profiling
- Available twin cushions

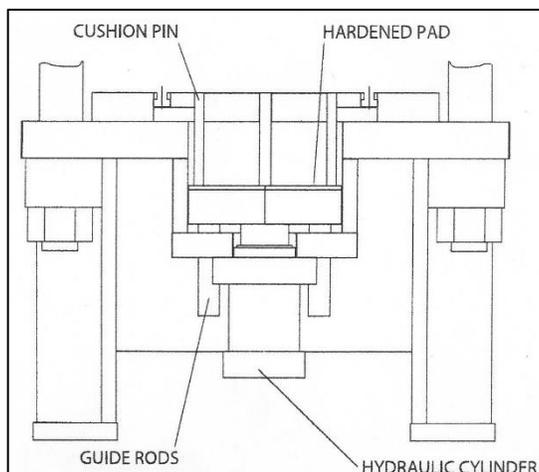

250 ton Draw Presses with Hydraulic Cushions in Bed for Pratt & Whitney Aircraft

- Full tonnage over entire stroke range
- Rugged four-post guided platen with sealed guide bushings
- Chrome-plated guide rods.
- High-speed hydraulics
- Fully-hydraulic cushion ejector with hardened top plate
- Hydraulic knockouts available
- Removable t-slotted bolster plate

SAVAGE HYDRAULIC PRESSES ARE APPLICATION-SPECIFIC AND JOB-ENGINEERED

Tonnage, bed size, stroke, daylight openings, and speeds are all customer-selected to meet your exact specifications

Hydraulic Cushion on Small Canister Draw Press

1000 ton 4-Post Press with 250 ton Cushion
