

# Traveling Gantry Straightening Press

DOCUMENT 12021

100 TO 2000 TON CAPACITIES AVAILABLE

Savage's narrow bed TFS gag straightening press is the perfect solution for straightening heavy shafts, tubes, and round bars. The work piece is loaded onto pressing anvils. The gantry is then traversed over the high spot on the shaft. Straightening accessories include: Power workpiece rotation, power lift, power anvil positioning, and power rotation stand positioning along the bed.

625 ton Traveling Gantry Straightening Press

## SAVAGE HYDRAULIC PRESSES ARE APPLICATION-SPECIFIC AND JOB-ENGINEERED

Tonnage, bed size, stroke, daylight openings, and speeds are all customer-selected to meet your exact specifications

- Ram stroke control to .001" prevents overbending of workpiece.
- Powered lift and rotation of workpiece.
- V-Blocks and rotation fixtures powered for left and right travel.
- Joystick controls ram movements.
- Traveling gantry and traveling platform.
- Remote pendant control. Radio control available.
- Straightening drill tools, drill pipe, bars, and tubes.
